MESSAGE: I have lived in Ventnor for two years, moving from the mainland. In my opinion the entire island needs more pedestrian areas, especially Ventnor. I love Ventnor but I hate the traffic including buses and large vehicles squeezing up the high street, when the town is busy there just isn't room for pedestrians. On the mainland pedestrianisation is the norm and business' have thrived where it has been done. If I didn't live here I would not dream of shopping in a town centre that allowed cars to drive through it. Those complaining about not being able to stop on their way through will ultimately park up and walk, after all where else are they going to drive to to park outside a shop... Shanklin??
Kind regards
