MESSAGE: I agree with the proposed changes to the High St in Ventnor but have concerns regarding traffic using Pound Lane.

It is my understanding that larger vehicles e.g. buses and lorries would require to go via Pound Lane.

I would see this as an issue due to the width of the lane and properties doorways along the lane. Also the turning at the junctions I believe would cause and issue.

I have previously lives in small towns which have followed your proposal and I do believe it is a good solution to the dangers of buses etc passing the parked cars and close proximity of pedestrians.
