

Motion for Ventnor Town Council

It is known that car boot sales keep money moving locally, they also stop items from going to landfill and potentially stimulate a repair ethos / business.

This motion proposes that Ventnor Town Council run a car boot sale regularly on Saturday mornings from 10.30am to 1PM between and including the months of May to October every year, starting as soon as possible to assist more people coming into Ventnor on Saturday mornings.

We already have permission from the Isle of Wight Council to run this in the Dudley Road car park.
